a. Open Process

Requirements are clearly communicated to Bidders. The method of evaluating the Bid and the evaluation criteria used to evaluate the Bid, and the method and format of submitting Bids, are clearly addressed in the Bid Solicitation document.

b. Fairness

Standard documents such as Bid Solicitation templates and standard term contracts, are used, to ensure consistency of content and format within documents issued by the City. All details regarding the procurement process are clearly specified in the Bid Solicitation, and the rules of bid acceptance are applied consistently. All Bidders and all Bids are treated equally and without bias or favouritism.

Specifications and terms of reference, whenever possible, are not restrictive and allow for open competition from the marketplace. Where possible, Bid Solicitations are advertised on the City's website or through online portals that aid in connecting Suppliers with the City and where practical, the documents are available for downloading. At the discretion of the Treasurer, the competitive bidding opportunity may also be advertised in local newspapers, and national newspaper where deemed appropriate, to promote competition.

Where practicable, Requests for Proposals are evaluated by representatives from more than one Division or Department to allow for various perception and opinions when reviewing and evaluating proposals prior to the award of the Contract. All Bids rating results and related supporting documentation are kept on file in accordance with the City's Records Retention By-law for future reference, audit or examinations. Procurement procedures are reviewed on a regular basis to ensure the procedures are clear, logical, current, and in accordance with accepted industry standards.

Employees of the City are required to declare any pecuniary interest, either direct or indirect, in writing, to their Department Commissioner with a copy to the Treasurer indicating the specific nature of the conflict. -

Part 10: Standard Procurement Methods

10.1 Low Value Procurement – (Up to \$10,000)

10.1.1 The Low Value Procurement Process is used when the Procurement Value is expected to be \$10,000 or less, the Deliverables are required on a one-time (non-repetitive) basis, and the end-user of the Deliverables has identified a clear or single solution.

10.1.2 The process may, but does not necessarily, include informal price comparison from known Suppliers through phone, Supplier advertisements, Supplier catalogues or other similar communication methods. Price is the primary factor and is usually not negotiated.

10.1.3 Low Value Procurement may be made by the Purchasing Card or Direct Acquisition method.

a. Purchasing Card

Based on the approval of the Department Commissioner or Manager and the Purchasing Card Administrator, certain City employees are provided with City Purchasing Cards to be used solely for the purchase of Deliverables for the City. The employee's immediate supervisor shall review and sign each employee's monthly Purchasing Card transaction listing and the Purchasing Card Administrator or designate shall review all monthly transactions for compliance.

b. Direct Acquisition

Although the encouraged method of payment for all low value procurement is the Purchasing Card, it is recognized that certain Suppliers are not equipped with such functionality. Employees with appropriate authority, as set out in this By-law, may approve an invoice indicating that the Deliverables have been received and the Supplier may be paid.

10.2 Informal Quote Process – (\$10,000 to \$50,000)

10.2.1 The Informal Quote Process is used when the Procurement Value is expected to be more than \$10,000 but less than or equal to \$50,000, the Deliverables are required on a one-time (non-repetitive) basis, and the end-user of the Deliverable has identified a clear or single solution. Price comparison shall be sought, where practicable, from a minimum of three (3) Suppliers. Price is the primary factor and may be negotiated.

10.2.2 The requesting Department shall obtain three informal quotes, where practicable. For Deliverables with a value up to \$25,000, quotes can be obtained through advertisements, Supplier catalogues, direct solicitations to Suppliers, and other similar methods. If the value is between \$25,000 and \$50,000, written quotes which may be obtained by email or fax or other electronic means.

a. A Purchase Requisition shall be prepared and authorized by the Commissioner (less than or equal to \$50,000) or Manager (less than or equal to \$10,000) with the results of price comparison attached and forwarded to the Purchasing Section for processing;

b. When permitted by the Supplier, the payment transaction may be processed on the Purchasing Administrator's Purchasing Card.

10.3 Invitational Competition (Over \$50,000 and less than \$100,000)

10.3.1 An Open Competition must be used when the Procurement Value is expected to be \$100,000 or more, unless a Non-Standard Procurement is justified in accordance with Part 11 of this By-law and applicable procedures and protocols.

- 10.3.2 Invitational Competition may be used when the Procurement Value is expected to exceed \$50,000 and be less than \$100,000 and it is possible to obtain competitive Bids based on precisely defined requirements for which a clear or single solution exists.
- 10.3.3 There may be instances when the Procurement Value is expected to be less than \$100,000 where, at the discretion of the Treasurer and the respective Commissioner, it will be more appropriate to solicit Bids using an Open Competition.
- 10.3.4 The Bid Solicitation is issued to at least three Suppliers. The Invitational Competition may be based solely on price or may consider other evaluation criteria included in the Bid Solicitation.
- 10.3.5 Invitational Competitions will be managed by the Purchasing Section, with the cooperation and involvement of the Department, unless the Treasurer has delegated the authority to conduct an Invitational Competition to a Commissioner, on either a standing basis or a case-by-case basis.
- 10.3.6 Where a Commissioner has been delegated authority to conduct an Invitational Competition, the Commissioner is responsible and accountable for ensuring that the process is conducted in accordance with applicable procedures and protocols, and must provide an approved Purchase Requisition, with the results of the Invitational Competition attached, to the Purchasing Section for processing.

10.4 Open Competition (\$100,000 or more)

- 10.4.1 An Open Competition must be used when the Procurement Value is expected to be \$100,000 or more, unless a Non-Standard Procurement is justified in accordance with Part 11 of this By-law and applicable procedures and protocols.
- 10.4.2 A notice of procurement and the Bid Solicitation document must be publicly posted on the City's prescribed electronic tendering site and/or other forms of media deemed appropriate by the Purchasing Section.
- 10.4.3 The Open Competition may be based solely on price or may consider other evaluation criteria included in the Bid Solicitation. The specific process to be followed will be determined by the form of Bid Solicitation document selected for the procurement in accordance with the City's procedures and protocols. Where provided for in the Bid Solicitation, the Open Competition may include negotiation with one or more top-ranked Bidder(s).
- 10.4.4 Open Competitions will be managed by the Purchasing Section, with the cooperation and involvement of the Department, in accordance with all applicable procedures and protocols.
- 10.4.5 Open Competitions may include two-stage procurement processes in which a prequalification process is conducted by soliciting and evaluating submissions from all interested Suppliers in order to establish a short-list of prequalified Suppliers that will be eligible to submit a Bid in response to a second-stage Bid Solicitation. A pre-qualification process may be used whenever determined appropriate by the Treasurer, in consultation with the Department Commissioner.
- 10.4.6 When a pre-qualification process is used, the Administrative Staff Committee shall approve a short list of acceptable Suppliers who will be invited to participate in the subsequent procurement process.

10.5 Open Framework Competition (to establish Qualified Supplier Roster)

- 10.5.1 An Open Framework Competition may be used when the Treasurer, in consultation with the originating Commissioner, has determined it is appropriate to establish a Qualified Supplier Roster for Deliverables that are needed on a recurring basis.
-

- 10.5.2 An Open Framework Competition is a form of Open Competition in which Suppliers are pre-screened based on the qualification criteria and evaluation process specified in the Bid Solicitation.
- 10.5.3 Selected Suppliers will be invited to enter into a Master Framework Agreement that will include the terms of the Qualified Supplier Roster and the general terms and conditions that will govern any future work assignments.
- 10.5.4 The Qualified Supplier Roster will be managed in accordance with the Master Framework Agreement and applicable procedure or protocols.
- 10.5.5 A Qualified Supplier Roster does not result in any commitment by the City to purchase Deliverables from the Suppliers.
- 10.5.6 As the need for the Deliverables arises, the City will select one or more of the Suppliers on the Qualified Supplier Roster in accordance with the process established in the Master Framework Agreement.

10.6 Roster Competition

- 10.6.1 A Roster Competition may be used to solicit quotes from Suppliers for Deliverables available through an established Qualified Supplier Roster.
- 10.6.2 Suppliers on the Qualified Supplier Roster are invited to compete for a particular assignment or scope of Deliverables in accordance with applicable procedures and protocols and the terms of the Qualified Supplier Roster.
- 10.6.3 Roster Competitions will be managed by the Purchasing Section, with the cooperation and involvement of the Department, unless the Treasurer has delegated the authority to conduct a Roster Competition to a Commissioner, on either a standing basis or a case-by-case basis.
- 10.6.4 Where a Commissioner has been delegated authority to conduct a Roster Competition, the Commissioner is responsible and accountable for ensuring that the process is conducted in accordance with applicable procedures and protocols, and must provide an approved Purchase Requisition, with the results of the Roster Competition attached, to the Purchasing Section for processing.
-

Part 11: Non-Standard Procurement

11.1 Non-Standard Procurement Methods

Non-Standard Procurement means the acquisition of Deliverables through a method or process other than the method or process normally required for the type and value of the Deliverables. Non-standard procurement methods include:

- a. Non-Competitive Procurement, where the Deliverables are acquired directly from a particular Supplier without conducting a Competitive Process when an Invitational Competition or an Open Competition would normally be required; or
- b. Limited Competition, where Bids are solicited from a limited number of Suppliers without conducting an open prequalification process when an Open Competition would normally be required.

Where a Limited Competition is approved, it will be conducted in the same manner as an Invitational Competition.

11.2 Approval of Non-Standard Procurement

Non-Standard Procurements must be approved in accordance with the Schedule of Approval Authority in Appendix A. Prior to seeking the approval of the Approval Authority and prior to any discussion with the Supplier, the Department must obtain the Treasurer's approval to initiate a Non-Standard Procurement in accordance with all applicable procedures and protocols.

11.3 Circumstances for Non-Standard Procurement

11.3.1 Non-Standard Procurement of \$100,000 or more

Non-Standard Procurements with a Procurement Value of \$100,000 or more may only be approved in the following circumstances:

- a. Where a standard procurement process conducted in accordance with this By-law and applicable procedures and protocols has not resulted in the receipt of any Bids;
 - b. Where only one Supplier is able to meet the requirements of a procurement in order to:
 - i. Ensure compatibility with existing products;
 - ii. Recognize exclusive rights, such as exclusive licenses, copyright and patent rights; or
 - iii. Maintain specialized products that must be maintained by the manufacturer or its representative;
 - c. Where there is an absence of competition for technical reasons and the Deliverables can only be supplied by one particular Supplier and no alternative or substitute exists;
 - d. The procurement is for additional deliveries by the original Supplier of Deliverables that were not included in the initial procurement if a change of Supplier:
 - i. Cannot be made for economic or technical reasons such as requirements of interchangeability or interoperability with existing equipment, software, services or installations procured under the initial procurement; and
 - ii. Would cause significant inconvenience or substantial duplication of costs for the City;
-

- e. For the procurement of Deliverables relating to matters of a confidential or privileged nature where the disclosure of those matters through an open competition could reasonably be expected to compromise government confidentiality, cause economic disruption or otherwise be contrary to the public interest;
- f. When the Deliverables can be provided by any of the subsidiaries of the City of Peterborough Holdings Inc., and City staff elect to use their services;
- g. For the procurement of Deliverables from a Public Body;
- h. For the procurement of goods under exceptionally advantageous circumstances such as bankruptcy or receivership, but not for routine purchases;
- i. For the procurement of a prototype of a first good or service to be developed in the course of and for a particular contract for research, experiment, study or original development, but not for any subsequent purchases;
- j. For the procurement of Deliverables that is financed primarily from donations that are subject to conditions that are inconsistent with a standard procurement process conducted in accordance with this By-law and applicable procedures and protocols; or
- k. The procurement is otherwise exempt from the requirements to conduct an Open Competition under all applicable trade agreements and it is in the best interests of the City to proceed with a Non-Standard Procurement.

Under no circumstances will a Non-Standard Procurement be used for the purpose of avoiding competition among Suppliers or in a manner that discriminates against or advantages Suppliers based on geographic location.

11.3.2 Non-Standard Procurement of less than \$100,000

If the Procurement Value is less than \$100,000, and provided that the total cumulative cost of all recurring Contracts for the same Deliverables is less than \$100,000 in a twelve-month period, a Non-Standard Procurement may be approved in any of the following circumstances:

- a. Under any of the circumstances set out above in Section 11.3.1;
 - b. For the procurement of consulting services from persons who have worked for the City or other municipalities in related fields and are interested in undertaking short-term assignments for the City on an as-required basis; or
 - c. Where there is a need for continuity or compatibility with existing Deliverables, and it is in the best interests of the City to proceed with a Non-Standard Procurement.
-

Part 12: Specifications

12.1 Commissioner Responsible for Preparing Specifications and Scope

The Commissioner whose budget provides for the procurement of Deliverables shall be responsible for the preparation of all specifications and/ or the scope of work to be used for the procurement of such Deliverables.

12.2 Specifications Not to be Brand Specific

Where practical, specifications or the scope of work or terms of reference shall be detailed but not brand specific, so that potential Suppliers may provide alternatives in the event an equal or better-proven product or method is available.

12.3 Seeking Information from Suppliers

12.3.1 Preparation of the operating or capital budget or specifications for procurement may require information from potential Bidders to determine what is available. When seeking information in connection with a specific procurement, a publicly posted Request for Information (RFI) should be used whenever possible to ensure transparency and provide all potential Suppliers and opportunity to provide information.

12.3.2 A Request for Information can be used to build Supplier interest and to obtain information about the availability of Deliverables in the marketplace and the level of interest from Suppliers able to provide the Deliverables to the City. The Request for Information may request detailed information including, but not limited to, company background, who the interested parties are, what they can offer and what they can do for the City.

12.3.3 Direct contact with Suppliers should be limited to seeking basic information in a manner that does not preclude them from submitting a Bid Solicitation that may be subsequently issued. To maintain the integrity of the Competitive Process, seeking information from Suppliers outside of an RFI process is only permitted on the following conditions:

- a. Staff may contact potential Suppliers or meet with potential Suppliers informally to gather information. Meetings could be in the form of office sales calls, demonstrations, trade shows, site visits, etc.;
- b. When discussing, requesting, or receiving information from Suppliers, staff must inform the Suppliers that the nature of the undertaking is exploratory and for information or budgetary purposes only, and that any subsequent request to purchase will be conducted according to the City's Purchasing By-law;
- c. No commitment can be made to any Supplier; and
- d. No information can be given to a Supplier that would give the Supplier an advantage in a future Bid Solicitation.

12.4 Supplier Who Assists in Developing Specifications

12.4.1 Where a Request for Information is not used, and it is necessary to do more than seek basic information from a Supplier, as described in Section 12.3, it may be desirable to ask a potential Supplier to help City staff design or develop specifications, or to be used at a preliminary stage in a project, or otherwise help define a requirement for the purposes of a procurement process. When such services are utilized:

- a. The Supplier shall not be eligible to bid, directly or indirectly, or to assist any Bidder in bidding, whether or not a fee is paid to the Supplier unless in the opinion of the Treasurer exceptional circumstances exist; and
 - b. The detailed specifications shall be approved by the Commissioner of the originating Department and shall become the property of the City for use in obtaining competitive Bids.
-

12.5 Accessibility

When preparing the specifications, the originating Department shall consider the requirements of the **Ontarians with Disabilities Act 2001**, as amended, and the **Accessibility for Ontarians with Disabilities Act 2005**, as amended, and apply those requirements with respect to procuring Deliverables and in the development of the Specifications.

12.6 Sustainable Procurement

The City is committed to purchasing environmentally friendly Deliverables with due regard to the protection of the environment and public health, conservation of natural resources, reduction of toxicity, and the minimization of waste. All departments, in conjunction with the Purchasing Section, are encouraged to seek additional ways of achieving the goal of being environmentally friendly and responsible by thorough review of each procurement process to ensure that wherever possible and economically feasible, specifications/terms of reference provide for:

- a. Expanded use of Deliverables that contain post-consumer recyclable content to the maximum level allowable, without significantly affecting the intended use or performance of the Deliverables;
 - b. Consideration of products, certified by an independently accredited organization, that prevent the over consumption of energy and other resource and reduce the production of waste, and the release of substances harmful to the environment and/or public health;
 - c. Consideration of products certified by an independently accredited organization, which favour environmentally-benign, post-consumer, bio-degradable, and non-toxic ingredients;
 - d. Consideration for the process by which products are manufactured, operated, transported, stored, packaged and the method of disposal. It is also recognized that a cost analysis may be required to ensure that the products are made available at competitive prices;
 - e. Consideration of energy efficiency and water conservation where applicable; and
 - f. Consideration of Leadership in Energy and Environmental Design (LEED) for new buildings and renovations.
-

Part 13: In-House Bids

13.1 Circumstances for In-House Bids

In-House Bids may be used for the procurement of Deliverables in the following circumstances:

- a. Where an external Supplier has historically provided Deliverables, and Council determines that it is in the City's best interest to allow City departments to compete for the provision of Deliverables;
- b. Where a department has historically provided Deliverables, and Council determines that it is in the City's best interest to allow the department to compete for the provision of the Deliverables; and
- c. In any other circumstances that Council determines may be appropriate.

13.2 Solicitation of In-House Bids

In-House Bids shall only be used where external Suppliers have also been requested to submit Bids.

If any Bid Solicitation permits In-House Bids, all Bidders shall be made aware of this fact in the Bid Solicitation documents.

13.3 Authorization for In-House Bids

Council shall authorize all In-House Bids, in advance. In determining whether an In-House Bid is in the City's best interest, Council shall consider the following criteria:

- a. Whether the In House-Bid will result in a significant increase or decrease in capital equipment and infrastructure expenditures by the City;
- b. The extent to which the In-House Bid will affect the future ability of the City to deliver essential health, emergency or other vital services to the public, in a cost effective and efficient manner;
- c. The extent to which the In-House Bid will affect the personnel complement of the City; and
- d. The extent to which the In-House Bid will affect service levels provided to the public.

After an In-House Bid has been authorized, the procurement method will be determined in accordance with Part 10, and the approval and contracting authorities will be in accordance with Part 7.

Part 14: Supplier Relations

14.1 Debriefings

Unsuccessful Bidders may request a debriefing. If a debriefing is requested, it should be scheduled and conducted in accordance with applicable procedures and protocols. Bidders are entitled to an explanation of the reasons why its Bid was not selected and the relative advantages of the successful Bidder's Bid; however, Bidders will not be provided with information that might prejudice fair competition between Suppliers.

14.2 Procurement Protests

Suppliers may formally protest the outcome of a procurement process. Procurement protests must be managed and responded to in accordance with the City's Procurement Protest Protocol.

14.3 Contract Management

All Contracts for Deliverables must be managed by the Department and performance of the Supplier must be monitored and tracked in accordance with applicable procedures and protocols.

14.4 Supplier Suspension

Suppliers may be suspended from participating in future procurement processes for a specified period of time in accordance with the City's Supplier Suspension Protocol.

14.5 Rejection of Bid when City/Bidder Relationship Impaired

14.5.1 The City may reject a Bid from a Supplier where in the opinion of the Treasurer in consultation with the City Solicitor, the commercial relationship between the City and the Supplier, including any sub-contractor the Supplier intends to use, has been impaired by the act(s) or omission(s) of the Supplier or sub-contractor, within the five-year period immediately preceding the date on which the Bid is to be awarded.

14.5.2 The act(s) or omission(s) that are deemed to have impaired the commercial relationship include, but are not limited to:

- a. Threatening litigation, or pursuing litigation against the City, in relation to any previous Contract awarded to the Supplier by the City, threatening litigation means transmitting a written threat to commence an arbitration action, application or other judicial proceeding;
 - b. Being a Supplier against whom the City is pursuing litigation;
 - c. A claim has been made against the City by the Supplier under a surety bond or security deposit submitted by the Supplier, such as a Bid Deposit, Performance Bond or Materials and Labour Bond;
 - d. The Supplier has not performed satisfactorily under prior or current Contracts or has refused to follow reasonable directions of the City or to cure a default under any Contract with the City;
 - e. The Supplier has communicated, directly or indirectly, with any other Supplier about the preparation of the Supplier's Bid for the same work; and
 - f. The Supplier or any person or Company that is affiliated, associated or controlled, as defined in the **Canadian Business Corporations Act, R.S.C., 1985, c.C-44**, as amended, by the Supplier, has been convicted of an offence under the **Criminal Code**, as amended, or other legislation, including but not limited to legislation in respect of taxation, financial securities; environmental protection, and health and safety.
-

14.5.3 The City reserves the right to reject a Bid from a Supplier, or from any person or Company that is affiliated, associated or controlled, as defined in the **Canadian Business Corporations Act, R.S.C., 1985, c.C-44**, as amended, by the Supplier that is indebted to the City, except in relation to property taxes that are not in default. In accordance with applicable law. In accordance with applicable laws, the Treasurer in consultation with the City Solicitor may choose to accept a Bid and exercise the City's legal or equitable right to deduct the indebted amount from amounts owing to the Supplier.

14.6 Document Retention

Responses to Bid Solicitations received shall be retained for inspection by the City's auditors and appropriate City officials, in accordance with the City's Document Retention By-law # 12-156 or successor By-law.

14.7 Confidentiality and Access to Information

The disclosure of information contained in a Bid or Agreement shall be made by the appropriate officers of the City in accordance with the provisions of the MFIPPA and any other applicable legislation.

If a Bidder considers any part of their Bid proprietary, the Bidder shall clearly mark such page or section of the Bid as confidential. This procedure will not automatically protect the information from release, but will assist the City in making a determination on release if a request is made under MFIPPA.

Part 15: Disposal of Surplus and Obsolete Goods

15.1 Authority for Disposal of Surplus and Obsolete Goods

The disposal of surplus and obsolete goods shall be evaluated on a case-by-case basis. The Commissioner, in conjunction with the Treasurer, have the authority to sell, exchange, or otherwise dispose of goods declared as surplus to the needs of the City, where it is cost effective and in the best interest of the City to do so.

15.2.2 If a good is sold through a formal competitive process, the approval limits for the sale shall be in accordance with the Approval Authority as set out in Part 7.

15.2.3 The sale or offer of such goods to employees, Municipal Councillors, or their family members, is prohibited.

Part 16: Review of By-law

Appendix C – Supplier Code of Conduct

The City requires its Suppliers to act with integrity and conduct business in an ethical manner. The City may refuse to do business with any Supplier that has engaged in illegal or unethical bidding practices, has an actual or potential conflict of interest or an unfair advantage, or fails to adhere to ethical business practices.

Suppliers are responsible for ensuring that any employees, representatives, agents or sub-contractors acting on their behalf conduct themselves in accordance with this Code of Conduct. The City may require the immediate removal and replacement of any individual or entity acting on behalf of a Supplier that conducts themselves in a manner inconsistent with this Code of Conduct. The City may refuse to do business with any Supplier that is unwilling or unable to comply with such requirement.

C.1 Illegal or Unethical Bidding Practices

Illegal or unethical bidding practices include:

- a. Bid-rigging, price-fixing, bribery or collusion or other behaviours or practices prohibited by federal or provincial statutes;
- b. Offering gifts or favours to the City's officers, employees, appointed or elected officials or any other representative of the City;
- c. Engaging in any prohibited communications during a procurement process;
- d. Submitting inaccurate or misleading information in a procurement process; and

The City will report any suspected cases of collusion, bid-rigging or other offenses under the **Competition Act**, as amended to the Competition Bureau or to other relevant authorities.

C.2 Conflicts of Interest

All Suppliers participating in a procurement process must declare any perceived, possible or actual conflicts of interest.

The term "Conflict of Interest," when applied to Suppliers, includes any situation or circumstance where:

- a. In the context of a procurement process, the Supplier has an unfair advantage or engages in conduct, directly or indirectly, that may give it an unfair advantage, including but not limited to:
 - i. Having, or having access to, confidential information of the City that is not available to other Suppliers;
 - ii. Communicating with any person with a view to influencing preferred treatment in the procurement process (including but not limited to lobbying decision makers involved in the procurement process); or

Where a Supplier is retained to participate in the development of a Bid Solicitation or the specifications for inclusion in a Bid Solicitation, that Supplier will not be allowed to respond, directly or indirectly, to that Bid Solicitation.
